

the summer of yes!

Building an Online Summer School

Design a cost-effective program that meets
your needs in grades 6–12

Credit Recovery, Acceleration, Intervention – Say ‘YES!’ to It All

Whether your students are looking to make up credits, get ahead for fall, or receive individualized support, Imagine School Services can help you establish a summer school program that meets all of your school's or district's needs. Our highly qualified, certified teachers are available to connect with your students and help you expand offerings this summer while keeping costs down.

CERTIFIED TEACHING SERVICES

- Our **experienced teachers of record** can help you expand course offerings, serve more students, address teacher shortages, and more. Certified instructors reteach concepts, provide helpful feedback, and connect with families, schools of record, and school mentors.

DYNAMIC CURRICULUM FOR INITIAL CREDIT AND CREDIT RECOVERY

- **Personalized and self-paced credit recovery** courses let students move quickly through material they've already learned to focus on the more challenging topics.
- An expansive **initial credit** course catalog offers students **opportunities to get ahead for fall**, explore future careers with CTE and electives, and prepare for national and state tests like SAT® and ACT®.

TUTORING AND INTERVENTION SERVICES

- With **Small Group Targeted Instruction**, a certified teacher works with students to address intervention needs for grades K–12 in core subjects, English language development, and national test prep.
- Students can access **On-Demand Tutoring** to connect with a subject-matter expert directly from their core, test prep, French, or Spanish lessons 7 days a week (even during the summer).

EXCEPTIONAL EDUCATION SERVICES

- Our SPED instructors provide tailored instruction for SPED students, while SPED-certified resource specialists support both SPED and ELL students, ensuring continued progress throughout the summer.

A red star with the word "yes" written in white inside it.

Flexible Implementation to Fit Your Needs

Yes!

INSTRUCTION AT SCHOOL

Have teachers from your school or district teach the courses on site or at a central district location.

INSTRUCTION AT SCHOOL + HOME

Use our certified teachers to let students divide online learning between school and home.

INSTRUCTION AT HOME

Use our certified teachers and let students learn completely online at home.

INDIVIDUALIZED SUPPORT

Offer On-Demand Tutoring, Small Group Targeted Instruction, or combine both services to provide additional academic support online.

Partner with Imagine School Services to get summer staffing help with tutoring, intervention, and SPED.
